

## NTUC Income RUN 350, Organised by Young NTUC

NTUC Income RUN 350, Organised by Young NTUC, is Southeast Asia's premier eco-run in support of the global 350 movement. This movement aims to raise awareness about the need to lower atmospheric CO<sub>2</sub> levels to 350 parts per million, which scientists believe is the level required for Earth's sustainability. It is also one of the most anticipated races on Singapore's running calendar.

On 7 April 2013 (Sunday), more than 10,000 participants will be running to show their support for the global movement for climate action. They will run through Nicoll Highway, Stadium Boulevard, Marina area and other iconic landmarks such as Gardens by the Bay.

To facilitate the event flow and safeguard the safety of the participants, some road closures and diversion will have to be carried out to cater for the routes used. Every effort has been taken to minimise disruption. Affected road sections will be closed and re-opened in stages as soon as possible to minimise any inconvenience.

Your patience and understanding plays a big part in making the event an unforgettable experience for runners and their supporters. From all of us in the organising committee, thank you for your support and understanding.

This Traffic Advisory is a public service travel planning guide for motorists and members of the public.
